### EDUCATION

**2021-PRESENT**  
**CTU- GINATILAN EXTENSION**  
**CAMPUS**

- Bachelor of Science in Information Technology

**2019-2020**  
**PUNGOD NHS**  
Oslob, Cebu

### SKILLS

- Backend Development: Python, Django, RESTful APIs
- Database Management: MongoDB, SQL
- Mobile Development: React Native, Expo
- UI/UX Design: Wireframing, Prototyping, User-Centered Design
- Version Control: Git, GitHub, GitLab
- Web Technologies: HTML, CSS, JavaScript
- Development Tools: VS Code,
- Project Management: Agile Methodology, Team Leadership, Task Management

### PROFILE

Motivated Information Technology student with hands-on experience in backend development (Python, Django, MongoDB) and mobile app development (React Native, Expo). Proven project leader with strong UI/UX design skills and a passion for creating intuitive, high-performance applications. Eager to apply technical expertise and problem-solving abilities in a dynamic internship role to drive impactful results.

### WORK EXPERIENCE

- **CTU-AC Supply Monitoring System**      SEPTEMBER 2023 - PRESENT  
Project Leader, Backend Developer, UI/UX Designer

- Led the development of a web and mobile supply monitoring system for the university, ensuring timely delivery and high-quality results.
- Developed and integrated RESTful APIs to enable seamless communication between the web and mobile platforms, ensuring smooth data flow and real-time updates.
- Built the backend using Python, Django, and MongoDB, ensuring secure data storage and fast, efficient querying.
- Designed user-friendly mobile apps with React Native and Expo, providing smooth experiences on both Android and iOS devices.
- Managed team meetings to track progress, solve technical issues, and maintain effective communication between front-end and back-end developers.
- Created and improved UI/UX designs based on user feedback, enhancing the system's ease of use for students and staff.
- Collaborated with stakeholders to understand requirements and turn them into actionable development and design tasks.
- Provided ongoing system support post-launch, ensuring timely updates and continuous improvements.
